

## SPSO decision report

**Case:** 201103221, Forth Valley NHS Board  
**Sector:** health  
**Subject:** clinical treatment / diagnosis  
**Outcome:** not upheld, no recommendations

### Summary

Mr C complained about a wide range of issues concerning aspects of his mental health care by the board over a number of years. However, on investigation, we considered that the board had done all they could reasonably have been expected to do in respect of his mental health. For example, he had been seen by a number of appropriate clinicians, there had been very thorough assessments, and he had had appropriate treatment. We acknowledged that Mr C wanted more from the board but were satisfied that the board could not reasonably have been expected to have provided more.
