

SPSO decision report

Case: 201807338, Greater Glasgow and Clyde NHS Board - Acute Services Division
Sector: health
Subject: clinical treatment / diagnosis
Decision: not upheld, no recommendations

Summary

Ms C had an ad-hoc consultation with a podiatrist (a clinician who diagnoses and treats abnormalities of the lower limb). The podiatrist asked a diabetic consultant if they would review Ms C on the same day. Ms C was concerned that the diabetic consultant did not see her.
